

MUNICIPALITIES

By becoming a member of Info-Excavation you agree to:

- Protecting your underground infrastructures (electrical, gas, fibre optic, water lines, telemetering, etc.) through proactive interventions.
- Knowing what work is being done near your underground infrastructure so that you may assess what the risk of damaging your network is and how such damages could impact delivery of utilities to the population.
- Reducing costs of repair and maintenance work.
- Increasing, on its territory, the issuance and control of excavation licences and associated income.
- Being a responsible corporate citizen, eager in minimizing socio-economic costs related to damages.

TARIFICATION

The total rate is based on two variables:

- The yearly premium based on its population
- Costs associated with the volume of locate requests transmitted to the municipality.

Case Example for a Typical Municipality

The yearly premium based on its population (Example: Saint-Augustin-de-Desmaures, 19,369 people = \$500) Costs associated with the volume of locate request transmitted to the municipality (Example: volume of 496 locate requests = \$1,438. Because this value can vary, there is a provision that provides for a maximum amount. For a city of 19,369 people with a rate of \$0.09 per citizen = \$1,743).

Therefore, this city would have a maximum annual amount to pay of:

$$\begin{aligned}
 & \$500 \text{ (yearly premium)} \\
 + & \$1,743 \text{ (maximum cost} \\
 & \text{based on its population)} \\
 = & \$2,243
 \end{aligned}$$

Municipal Members - Rate Structure 2019-2020

Categories		Billing on Demand			Membership
Catégorie	Population	Yearly Premium	Cost per request	MaximumRate (Rate per Citizen)	New Member
A	0 - 5,000	\$150	\$2.90	\$0.10	\$100
