

Owners of Underground infrastructure

By becoming a member of Info-Excavation, you agree to:

- Protect your underground infrastructures (electrical, gas, fibre optic, water lines, telemetering, etc.) through proactive interventions.
- Know what work is being done near your underground infrastructure so that you may assess what the risk of damaging your network is and how such damages could impact delivery of utilities to the population.
- Reducing costs of repair and maintenance work.
- Being a responsible corporate citizen, eager in minimizing socio-economic costs related to damages.
